**Tender Evaluation Results for
Readiness Assessment in the Adoption of Industry Decarbonization Technologies and
Advancement in Process Heating Electrification**

To all bid participants and all others that may have concerns,

We appreciate all the institutions that responded to IESR's Request for Proposals (RFP) - **Readiness Assessment in the Adoption of Industry Decarbonization Technologies and Advancement in Process Heating Electrification** by submitting proposals and following the selection process. As part of the initial phase of our selection process, we received bids from five (5) different institutions by 25 October, 2023. Then we move on to the second step of the selection process on 6 November 2023, and finally, by 14 November 2023, we had conducted a meeting with two shortlisted bidders for clarification of their proposals as the last step of this tender selection processes.

We wish to inform you that the evaluation process has been conducted in compliance with the RFP's protocol and timeline. As a result of our team's examination, we are pleased to inform you that **PT Geni Buana Nusantara** has been selected as the winning bidder for a project in Large Industry Readiness Assessment in the Adoption of Industry Decarbonization Technologies and Advancement in Process Heating Electrification

This notification is issued as part of IESR's commitment to encouraging openness and accountability in the bidding process.

With best regards,

Deon Arinaldo
Program Manager Energy Transformation
