

**Tender Evaluation Results for
Public Survey on JETP and Emerging Technologies**
Jakarta, April 4, 2024

To all bid participants and all others that may have concerns,

We extend our heartfelt gratitude to all institutions that submitted proposals for the **Public Survey on JETP and Emerging Technologies**, organized by the Institute for Essential Services Reform (IESR). Your contributions have been invaluable in advancing scientific research in Indonesia's Energy Transition.

As part of the selection process, we received bids from five (5) different institutions by March 25, 2024.

We wish to inform you that the evaluation process has been conducted in compliance with the RFP's protocol and timeline. As a result of our team's examination, we are pleased to inform you that the winner of this tender has been selected for a project in the Public Survey on JETP and Emerging Technologies.

- **Winner** : PT. Inovasi Dinamika Pratama
- **Total Score** : 242,75 / 300

We commend PT. Inovasi Dinamika Pratama for their outstanding proposal, which demonstrated excellence in research and alignment with the survey's objectives.

To all other participants, we appreciate your dedication and effort. Your submissions enriched the selection process, and we encourage you to continue contributing to the scientific community. The IESR remains committed to fostering collaboration and excellence. We look forward to future endeavors together.

This notification is issued as part of IESR's commitment to encouraging openness and accountability in the bidding process.

Thank you for being part of this exciting journey.

With best regards,

Deon Arinaldo
Program Manager Energy Transformation
