

**Tender Evaluation Results for
Request for Proposal (RFP) Assessment of Communication Capability of the Southeast
Asia Energy Transition Collaborative Network (SETC) Partners**
Jakarta, July 10, 2025

To all bid participants and all others that may have concerns,

We extend our heartfelt gratitude to all institutions that submitted proposals for the **Assessment of Communication Capability of Southeast Asia Energy Transition Collaborative Network (SETC) Partners**, organized by the Institute for Essential Services Reform (IESR). Your contributions have been invaluable in advancing energy transition narrative in the region.

As part of the selection process, we received bids from three (3) different institutions by July 7, 2025.

We wish to inform you that the evaluation process has been conducted in compliance with the RFP's protocol and timeline. As a result of our team's examination, we are pleased to inform you that the winner of this tender has been selected for a project for assessment of communication capability of the Southeast Asia Energy Transition Collaborative Network (SETC) Partners.

- **Winner** : Commcap (PT Komunikasi Maya Bestari)
- **Total Score** : 84.92/100

We commend Commcap for their outstanding proposal, which demonstrated excellence alignment with the study's objectives.

To all other participants, we appreciate your dedication and effort. Your submissions enriched the selection process, and we encourage you to continue contributing to the scientific community. The IESR remains committed to fostering collaboration and excellence. We look forward to future endeavors together.

This notification is issued as part of IESR's commitment to encouraging openness and accountability in the bidding process.

Thank you for being part of this exciting journey.

With best regards,

IESR
