Announcement of Bid Winner

Documentary Film Production Just Energy Transition in Indonesia

To all bid participants and all others concerned,

We thank all the companies which have submitted their proposal in response to CASE Indonesia's Request for Proposal for Documentary Film Production Just Energy Transition in Indonesia.

We want to notify that the evaluation process has proceeded in accordance with our internal procedure. From a total of **16 incoming proposals**, our team conducted an evaluation based on several criteria, including the alignment of the proposed concept with CASE's requirements, the company's credentials, completeness of the submitted documents, and the proposed budget.

Following this process, **7 shortlisted production houses were invited to deliver their pitching**. After careful consideration of both the written proposals and the pitching sessions, we are pleased to announce that **PT Anatman Pariwara Indonesia (Anatman Pictures)** has received the highest score and has been selected as the winning company to produce the documentary film under Project CASE Indonesia.

We would like to sincerely thank all companies that participated in the bidding process. We greatly appreciate the time, effort, and creativity invested in preparing and presenting your proposals.

This announcement is made as part of IESR's commitment to promoting transparency and accountability throughout the bidding process.

Thank you once again for your interest in working with CASE Indonesia. We look forward to potential future opportunities to collaborate.

With best regards,

Agus Tampubolon

Project Manager Clean, Affordable and Secure Energy (CASE) for SEA
