

**Tender Evaluation Results for**  
**Consultancy Services For Study on Study on Potential and Techno-Economic Analysis For**  
**Green Hydrogen Production in East Nusa Tenggara**  
Jakarta, 11 December 2025

To all bid participants and all others that may have concerns,

We extend our heartfelt gratitude to all institutions that submitted proposals for the RFP **Study on Potential and Techno-Economic Analysis for Green Hydrogen Production in East Nusa Tenggara**, organized by the Institute for Essential Services Reform (IESR). We apologize for the delay between the submission and the announcement of the results, as RFP time extended as needed.

As part of the selection process, we received bids from 3 (three) different institutions by Saturday, 29 November 2025. Following a thorough evaluation conducted as mentioned on the section 4 and in accordance with the terms and conditions set out in Section 5 of the RFP, we are pleased to announce the selected winner for this activity:

- **Winner : Enervera Nusantara Abadi**
- **Total Score : 56.9/100**

We commend **Enervera Nusantara Abadi** for their proposal, which effectively supports the Project's objectives and demonstrates alignment in the work plan, schedule, and team composition.

To all other participants, we appreciate your dedication and effort. Your submissions enriched the selection process, and we encourage you to continue contributing to the further collaboration space. IESR remains committed to fostering collaboration and excellence. We look forward to future endeavors together. This notification is issued as part of IESR's commitment to encouraging openness and accountability in the bidding process.

Thank you for being part of this journey.

Best regards,

Signed by:
