

**Tender Evaluation Results for  
Grid Connection Studies and Power Quality Analysis Nusa Penida**  
Jakarta, February 4, 2026

To all bid participants and all others that may have concerns,

We extend our heartfelt gratitude to all institutions that submitted proposals for the **“Grid Connection Studies and Power Quality Analysis Nusa Penida”**, organized by the Institute for Essential Services Reform (IESR). Your contributions have been invaluable in advancing Indonesia’s Energy Transition narratives through local development.

As part of the selection process, we received bids from five (5) different institutions by January 23, 2026.

We wish to inform you that the evaluation process has been conducted in compliance with the RFP's protocol and timeline. As a result of our team's examination, we are pleased to inform you that the winner of this tender has been selected for a project for Grid Connection Studies and Power Quality Analysis Nusa Penida

- **Winner** : Prima Energi Consult (PEC)
- **Total Score** : 74.67 / 100

We commend Prima Energi Consult for their outstanding proposal, which demonstrated excellence in communication strategy and alignment with the objectives that IESR’s looking for.

To all other participants, we appreciate your dedication and effort. Your submissions enriched the selection process, and we encourage you to continue contributing in this field. The IESR remains committed to fostering collaboration and excellence. We look forward to future endeavors together.

This notification is issued as part of IESR's commitment to encouraging openness and accountability in the bidding process.

Thank you for being part of this exciting journey.

With best regards,

 

**Agus Praditya Tampubolon**  
Director of Climate and Just Energy Transition
